

SENSES AND MOVEMENT (KS2)

SESSION OUTLINE:

This session will look at what humans and animals use their skeleton for and, combined with our senses, how they help us survive.

With the use of pictures and artefacts, the session will look at individual animals and outline how their skeletons allow them to move in certain ways, and which senses they rely on most for survival.

Children will learn not all skeletons are the same and that some animals use their senses differently to others.

LEARNING OUTCOMES

UNDERSTAND THE TERM 'HABITAT'

UNDERSTAND THE BASIC REQUIREMENTS NEEDED
WITHIN A HABITAT TO HELP ANIMALS SURVIVE

UNDERSTAND HOW DIFFERENT ANIMALS HAVE
DIFFERENT ADAPTATIONS

UNDERSTAND THE IMPORTANCE OF CAMOUFLAGE
