

WOBURN
Safari Park

CROSSWORD

Can you find some of the animals from the Safari Park in the clues?

ACROSS

4. This small blue, green, yellow and red coloured bird is a member of the parrot family (7,8)
5. The largest of all the cat species (4,5)
8. I like to sleep up to 20 hours a day (7,4)
9. A large, grey mammal found in India and Sri Lanka (5,8)
12. I'm found in the high mountain foothills of Peru and Bolivia and am known for my woolly coat (6)
13. I might not be venomous, but I do love a hug! (3,11)
14. Woburn has four species of this animal (5)
15. The water bird's bray-like call sounds like a donkey! (8,7)

DOWN

1. Like fingerprints, my striped are unique to me (5)
2. This small, long tailed monkey makes loud noises and attacks predators as a group to scare them off (8)
3. South African endangered horned mammal (8,5,5)
6. My modified wrist bone helps me grab bamboo (3,5)
7. I hibernate between November and mid-March (5,4,)
10. My blood vessels have valves to stop blood rushing to my head when I bend over (7)
11. Flightless South American bird (4)
